

...nutritional support from the natural 'synergy' of fruits & vegetables...

essential 8 organics® in 500mg vegi-capsules

KEY FEATURES

Same certified organic freeze-dried powder concentrate, now even more convenient...

essential 8 organics® in 500mg vegi-capsules

Each vegi-capsule contains the original synergistic blend of **8** essential organic fruit & vegetables in combination with Phyoxidase®, a proprietary plant-based blend shown to be high in antioxidants and effective as a natural preservative. We've also added an increased amount of Green tea for an extra antioxidant boost.

All of these ingredients work together 'synergistically' to provide a high quality, ready-to-use, affordable way to ensure that the best possible nutrition, nutrition from real food, is available to rebalance any dietary deficiencies caused by a hectic lifestyle, any challenges to the immune system or simply not managing to get the recommended dietary intake of 2 servings of fruit and 5 servings of veg every day.

- ✓ **certified organic ingredients**
- ✓ ***provides 100% of the recommended daily intake of antioxidants per daily serve (based on 3 vegi-capsules per day at 1000 per vegi-capsule as measured by ORAC)***
- ✓ ***economical 30 day supply at \$1.00 per day***
- ✓ ***ideal for work, travel or hectic schedules.***
- ✓ ***an extra nutritional boost when taken in conjunction with other E80 products in times of greater dietary challenges***
- ✓ ***natural detox support***
- ✓ **contains a wide spectrum of key phyto-nutrients and phyto-chemicals**
- ✓ **dairy, wheat & gluten free**
- ✓ **contains no artificial colour, flavours, preservatives or sweeteners**
- ✓ **suitable for children & vegetarians**

essential 8 organics® products

are not meant to be a total replacement for fresh fruit & veg in your diet but to be a 'top up' as required.

Made in Australia from local & imported ingredients
